DESIGN: ANDREU CARULLA

## *Evoking the Mediterranean*

The Maca deck chair is a refined classic. Its aesthetics will integrate into any outdoor space, giving a note of joy and quality without falling into stridency.

Its unique fabric is made following the tradition of Catalan artisanal from the south of France. Les Toiles de Soleil, founded in 1897, continues to use the same techniques and is recognized as a French Living Heritage Company.

The frame is produced in the Empordà with iroko wood suitable for outside use.
