INVICTA

INVICTA goes back to the cradle of civilization, the origins, the search for raw expression and valuable heritage. The reflect of art and human science, preserved and enriched by resilient artists, people of other ages and different backgrounds, reuniting the knowledge and crafts of the past with skills of the future. The experimenting of materials and textures, volumes and concepts, exploring geometry and dimension, standing strong in their beliefs and conquering their place in time and history, shaping not only this Collection but life.

INVICTA

INVICTA se remonta a la cuna de la civilización, los orígenes, la búsqueda de expresiones groseras y una herencia valiosa. El reflejo del arte y la ciencia humana, preservado y enriquecido por artistas resistentes, personas de otras épocas y orígenes diferentes, que reúne el conocimiento y la artesanía del pasado con la experiencia del futuro. La experimentación de materiales y texturas, volúmenes y conceptos, explorando la geometría y la dimensión, manteniéndose fuertes en sus convicciones y conquistando su lugar en el tiempo y la historia, configurando no solo esta colección sino también la vida.

INVICTA

INVICTA remonte au berceau de la civilisation, aux origines, à la recherche d'une expression brute et d'un patrimoine précieux. Le reflet de l'art et de la science humaine, préservé et enrichi par des artistes résilients, des personnes d'âges et d'horizons différents, réunissent les connaissances et l'artisanat du passé avec les compétences du futur. A travers les âges, l'homme a toujours cherché à expérimenter des matériaux, des textures, des volumes, des concepts, explorer la géométrie et la dimension. Le mot d'ordre : rester fort et faire sa place dans le temps et marquer l'histoire. Cette collection a été façonnée non seulement grâce ces convictions mais aussi grâce aux rythmes de la vie.
