# THE *SPACES* WE *CREATE* ARE WHO *WE ARE*

Every brilliant idea, timeless design, and inspiring home is born from a creative mind that reflects identity, values, and dreams. Just as we shape our physical spaces, we shape our health, our relations, and the world around us. Through acts of kindness and empathy, we hold the power to create a world more beautiful and inspiring.

When we design spaces with care, we don't just craft an environment – in every room, every corner, there is the possibility to transform our daily experiences, to cultivate peace, productivity, and joy. Whether it's the warmth of a home or the

creativity sparked in a workspace, these spaces are reflections of the best in us, inviting us to grow, evolve, and thrive.

With a stroke of imagination and a dash of creativity, we can change perspective on life itself. By embracing values that unite us, making positive choices that uplift, and by creating spaces where life can flourish and evolve.

For the spaces we create reveal not only who we are but also who we yearn to become.

# AMISSOO COSMINA

### COSIMA SERIES

Soft, embracing, and spacious enough for dreams to grow and flourish. The Cosima modular sofa is characterised by its generous seat depth and low arm- and backrests, which invite you to slow down, sit back, and breathe.

Inside, it's built with a solid construction and filled with responsibly sourced feathers, sewn into channels to preserve its iconic shape and long-lasting comfort. On the outside, the look and feel are up to you. It is designed with removable and changeable fabric covers to extend its lifetime, allowing you to change the fabric and renew the sofa over time. Thoughtfully crafted in Europe, the modular sofa allows you to combine modules, choose between luxurious fabric and traceable leather, and rearrange your setup as life evolves.

Created by Cologne-based design studio kaschkasch, Cosima blends functional German design with Scandinavian minimalism – clean lines and simple shapes with a poetic expression.

The Cosima modular sofa is part of a beautiful series – featuring both a beautiful bed, a sofa bed with an easy pull-out function and a compact armchair, all FSC™-certified and offering the same soft comfort and iconic design.

# OUR *DESIGN* COLLECTIVE

## NEW SCANDINAVIAN DESIGN

While our roots are in Scandinavia, the essence of our design philosophy transcends borders. We are proud to partner with over 50 talented designers from 19 countries, spanning a range of emerging talents and renowned design studios. Our commitment to fostering the next generation of talent is reflected in our BOLIA DESIGN AWARDS, a global platform for emerging designers that has been an integral part of our journey for over 19 years. Regardless of where our designers call home, they all share a deep passion for clean and natural aesthetics brought to life in a global and continental context of luxury and tactility.

## 25 YEARS OF DESIGN

This year marks our 25th anniversary and what an incredible journey we've shared with our amazing colleagues, designers, manufacturers, partners, and customers. Together, we've built something extraordinary – a design community rooted in creativity, collaboration, respect, and a shared passion for beautiful spaces.

## MADE TO LAST

For us, great design is not only what meets the eye, but just as importantly, how it is created – and the way it makes us feel. From the first sketches to the final product, every design is made to last. Crafted from the finest and most durable materials. All designed to create calm, luxurious, and beautiful spaces. For decades of life and for generations to come. For instance, most of our sofa series are designed with removable and changeable covers – offering

you the opportunity to extend the lifetime of your designs and to refresh and renew its expression over time.

## CONSCIOUSLY CRAFTED

We are committed to tailor beautiful designs through ethical practices and high standards of quality, worker safety, circularity and environmental considerations. We're on a journey towards something better, to minimise waste, rethink packaging, and ensure our designs are repairable and some even recyclable. Introducing removable covers to extend the lifetime of our sofas is just one way of doing it.

## LONGEVITY IS WHAT MATTERS THE MOST

From the very first sketch to the final design, we are guided by six powerful principles: Repair, Reduce, Rethink, Recycle, Refuse, and Reuse. These 6 R's are not just guidelines – they are the foundation of every piece we design and create. By embracing these principles, we craft designs that are not only beautiful but also made to last. Each piece reflects our commitment to a future where thoughtful design, quality and durability go hand in hand, shaping products that endure and enrich lives for years to come.

# AVELON

### AVELOU MODULAR SOFA

A perfect combination of beautiful design and comfort – that's the aspiration behind the Avelou modular sofa. Designed with flexible modules and removable and changeable covers, it offers easy customisation and effortless maintenance.

The Avelou modular sofa features a strong, supportive frame and plush cushions that provide the ideal balance of durability and softness. You can enhance the design by adding a matching tabletop in either stone or wood to the Avelou pouf, creating a unique combination that contrasts beautifully with the textures. The sofa is also FSC™-certified, ensuring responsible sourcing of wood.

Designed by the Italian design studio Ferriani Sbolgi, Avelou embodies their experimental approach and collaborative design process. Ferriani Sbolgi's designs are known for sleek silhouettes, clean, stripped-down lines, and emotional connections with users. Their work seeks to push boundaries, embracing the bold and the new, all while maintaining timeless taste and exceptional craftsmanship.

# *BEAUTIFUL AND TACTILE FABRICS*

## **MAKE IT YOUR OWN**

Indulge in the extraordinary beauty and luxury of our tactile fabrics – each one chosen for its exquisite texture, timeless appeal, and the way it brings a sense of sophistication to your home. Customise your design in any fabric you desire – from the warmth of bouclé to the soft embrace of New Zealand wool, the breezy elegance of linen, the rich opulence of velvet, to the durability of recycled polyester, each fabric offers a unique experience that elevates any space.

## **CERTIFIED QUALITY**

All our fabrics are OEKO-TEX® STANDARD 100 certified. This means that the textile has been tested for harmful substances. The test is conducted by independent OEKO-TEX® institutes, taking into account both regulated and non-regulated substances that can be harmful to human health. In many cases, limit values go far beyond national and international requirements. The criteria are updated at least once a year and expanded based on new scientific and statutory requirements. Explore all fabrics on page 236.

# OTTELLO

## MIELO SERIES

The Mielo series features sculptural, organic shapes that complement any contemporary interior. These beautiful designs are to be admired from every angle, combining comfort, character, and crafted European quality to bring sophistication to your living space.

The Mielo armchair and footstool embody this design philosophy, with a sculptural, inviting look that offers comfort and relaxation. The reversible seat cushion enhances durability, making it a timeless addition to your home.

Now, the Mielo series has expanded to include a modern sofa, a beautifully crafted bench, and an inviting dining chair. Each piece maintains the same focus on comfort, timeless design, and quality as the iconic armchair and footstool, adding luxury and elegance to any space, while all designs are FSC™-certified.

Designed by Danish designer Charlotte Hønlcke, who has a special talent for combining functionality and aesthetics with small, fascinating details – creating designs that surprise and spark curiosity.

To bring her vision to life, we partnered with our longtime collaborators, Actona Poland Sp. z o.o. They combine traditional craftsmanship with modern techniques to ensure every stitch and curve is perfectly made and of the highest quality.

# GRAACEFULL

## GRACEFUL TABLE SERIES

The Graceful series is a timeless and elegant interpretation of our Scandinavian design heritage, that tells a story of great craftsmanship and longevity.

Designed by Danish designer Michael H. Nielsen, the Graceful dining table reflects exceptional craftsmanship, precision, and a deep respect for the materials used, making it a lasting design piece for your home.

Available as a dining table, bench, and coffee table, all designs feature sleek lines and poetic angles, crafted in Europe with versatility in mind.

The FSC™-certified Graceful dining table, with its sleek, minimalist design and poetic angles, is available in solid oak or oak veneer. The solid oak is carefully assembled into a single, unified piece, revealing a unique grain pattern, while the veneer offers a refined look with efficient use of materials.

The Graceful dining table and coffee table are available in a wide range of sizes and shapes to perfectly suit your space.

Michael H. Nielsen's design philosophy is rooted in the belief that great design is more than just aesthetics – it is about the connection between the craftsman and the designer.

# LUXURIOUS MATERIALS

## A QUIET, NATURAL LUXURY

The spaces we create reflect who we are. We live and breathe interior design that goes beyond function – crafting immersive environments that inspire, restore, and connect. By blending quiet luxury with natural materials, we design harmonious retreats where every texture and tone creates timeless elegance. The result is a balance that helps you feel truly at home.

## BEAUTIFUL AND TACTILE FABRICS AND LEATHERS

Our collection of sofas, armchairs, dining chairs, and cushions is designed to envelop you in softness and luxury – from traceable leathers to rich fabrics like linen and bouclé. Each material is chosen not only for its beauty, but also for its durability, ensuring your furniture remains as lasting as it is luxurious. That's why all our fabrics are OEKO-TEX® STANDARD 100 certified. For every textile, we trace its full journey – where the fibre was grown, how it was produced or recycled, and where it was dyed and woven. We even show the estimated climate footprint per square metre. We do all this because we believe transparency is the key to a better future.

## UNIQUE AND EXCLUSIVE STONES

Our designs are brought to life with the stunning beauty of natural materials like marble and travertine. These breathtaking stones, formed over millions of years, offer unique composition and timeless aesthetic appeal. Just like no two people are alike, no two stones are the same. Combined with soft fabrics, warm wood, and natural leather, they create designs that are as beautiful as they are enduring.

## LONG-LASTING WOOD

Inspired by nature's constant evolution, we place organic materials like solid wood at the heart of our designs. It's not just beautiful – it's durable, luxurious, and richly tactile, bringing us closer to nature. At BOLIA, we use only FSC™-certified wood amongst other controlled materials, meaning it's responsibly sourced from forestry that protects biodiversity. Our wood furniture is crafted to last, with timeless silhouettes and enduring quality made to be passed down for generations.

# ELIDA

### EIDA COFFEE TABLE SERIES

The Eida coffee tables, designed by Danish designer Martin Lauritsen, combine simple, sculptural shapes with the striking patterns of natural travertine or marble, offering two distinct expressions that are both vibrant and serene.

Travertine, a timeless natural stone admired for its unique beauty, has inspired architects and craftsmen for centuries, from the Colosseum to Mies van der Rohe's Barcelona Pavilion. This distinctive quality makes the Eida series stand out, with each table being unique, and available in various sizes and heights for modern, architectural arrangements.

The new outdoor version of the Eida series is designed specifically for outdoor use and crafted in beige marble, creating a vibrant yet peaceful atmosphere, making it perfect for terraces, gardens, and balconies.

In designing the Eida tables, Martin Lauritsen focused on versatility, durability, and functionality – aiming to create timeless, high-quality pieces.

# THE HANDS THAT SHAPE OUR IDEAS

## BRINGING YOUR DESIGN TO LIFE

Our craftsmen and -women are the true stars of our business, shaping our ideas and bringing your design dreams to life. While our team of designers live and work all around the globe, 88% of our designs are produced in Europe. By crafting our designs closer to where our customers live, we can minimise the negative climate effects of transportation, waste and overproduction – as our furniture is made to order and we therefore don't have big warehouses filled with dusty generic models. This gives you the freedom to customise our designs to your taste and needs.

## TAILORED AND CUSTOMISED FOR YOU

Your sofa is made just for you, exactly how you want it – in your chosen model, size, and fabric. Crafted in Europe and most of them with components that can be replaced if needed. For instance, most of our popular sofa families are designed with removable and changeable covers. Not only extending their lifetime but also allowing you to refresh and renew your sofa for years and years. And of course, all of our designs come with a 10-year warranty\*

## CAREFULLY CRAFTED

The craftsmen and -women building your sofa and furniture are based in places like Italy, Poland, Croatia, and Estonia, as well as Denmark, our home country. Most of our designs are produced in Europe, but we also have skilled partners outside of Europe,

making some of our meticulously crafted accessories. For instance, all our rugs are made by hand in India – home to one of the world's most exquisite traditional rug craft.

We have long and close relationships with our partners, built and nourished over many years. Together, we push the boundaries of craftsmanship, exploring new techniques and refining old methods. As we set ever-stronger demands for compliance and quality, we evolve together, creating better designs with every step.

## TRANSPARENCY IN OUR SUPPLY CHAIN

Our goal is to have transparency throughout our entire supply chain. We believe in full transparency, which is why we provide insights into the CO<sub>2</sub>e footprint of some of our designs and fabrics. You can trace the environmental impact of the design, from raw material to disposal, helping you make more informed choices. Also, at Bolia.com, you can get to know more about the skilled manufacturers behind many of our designs. We are proud to share who they are, where they work, and their inspiring stories.

# SILENT

### SILENT STORAGE SERIES

The Silent series is a refined collection of minimalist furniture, including sideboards, wall cabinets, bookcases, and dressers, all meticulously crafted with attention to detail and timeless craftsmanship. Each piece is FSC™-certified and designed to offer an elegantly understated aesthetic, seamlessly blending into any space with its calm and sophisticated presence.

The series is defined by beautiful details, such as the diagonally cut shapes on the doors and drawer fronts. These subtle design elements create a dynamic effect that shifts as light and shadow play across the surfaces throughout the day, adding depth to your home.

As a new addition to the beautiful Silent series, the Silent Wall Cabinet and Sideboard introduce innovative designs that further enhance the minimalist appeal of the series.

Designed by German designer Meike Harde, the collection reflects her signature approach, where fine structures, subtle details, and clean shapes come together in harmony. Her work explores the aesthetic synergy between material and form, ensuring that every decorative element also serves a functional purpose.

# PIRO

## PIRO TABLE SERIES

Piro is designed with the aspiration to create a table that serves as the natural gathering place for family and friends, crafted from high-quality materials – oak veneer, marble, and travertine.

The design is FSC™-certified, and the carefully selected wood ensures perfect grain patterns, giving the tables a serene look. Following classic design principles, the conical column firmly rests on the floor with a substantial marble base, visually anchoring the table for stability and calm. A table designed to last for generations.

Introducing Piro Grand – a new, larger version of the beloved Piro dining table, crafted with the same commitment to quality and design. Piro Grand offers even more space for larger gatherings, while maintaining the timeless elegance of the smaller Piro dining table.

To complement this growing Piro series, we're also introducing the Piro coffee table, available in different heights and sizes. Combining elegance and functionality, the Piro coffee table shares the same refined characteristics as the beautiful Piro dining table, making it the perfect addition to your living room.

Designed by Michael H. Nielsen, known for his detail-focused, people-centred designs, where good design gives meaning and value to the people who use it.

# A CHANGE TO SOMETHING BETTER

## POSITIVE CHOICES

We believe that a more sustainable way forward is all about making positive choices and long-lasting products. Our ambition is to inspire others to do the same by sharing our passion, creativity, and ideas as transparently as we can. Our sustainability strategy is the core of our business, and over the past years, we have made extensive changes in our ways to ensure that we continue to evolve, inspire, and drive our industry towards something better.

## LONG-LASTING QUALITY

What we believe matters the most is extending product longevity, by making beautifully timeless designs from carefully selected and certified materials. We continuously ask ourselves how we can use better materials, how we source, how we can reduce waste and optimise packaging. How the design can be repaired and recycled and how we can rethink parts and components to be replaceable. How we can help you extend the lifetime of your sofa, by offering the right care, replaceable fabric covers – and much, much more.

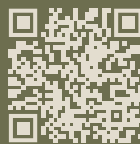

## INSPIRING PARTNERSHIPS

With ambitions to create and shape a more responsible industry, we join forces with leading partners such as SBTi, The Danish Technological Institute, FSC Denmark, and MÅLBAR. Testing

our designs to the highest quality standards, processing knowledge and measuring CO<sub>2</sub>eq emissions, enables us to find ways to reduce our overall impact in the future. We are members of amfori BSCI and our manufacturers follow the BSCI code of conduct, empowering the work for rights and safety of everyone involved in our design universe.

## TRANSPARENCY AMBITIONS

We are proud to share everything about our designs. Who makes them, which materials are used, where they are sourced and specific standards and certifications for each design. Our goal is to achieve even greater transparency throughout our supply chain, and by 2026, we aim to have transparency down to every component used in our products, including materials like marble, wood, foam, and fabric. We have already reached this goal for many designs.

#### SEPIA SOFA SERIES

Create an elegant lounge atmosphere with Sepia – a luxurious lounge sofa featuring a removable and changeable cover that is easily maintained, refreshed, and renewed year after year.

The sofa is FSC™-certified, featuring a rich, robust look with a characteristic oak veneer base. Designed with beautiful details and a modern, inviting profile, the reversible seat cushions rest on a slightly sloping base to keep them comfortably in place.

The renowned Danish design duo, Glismand & Rüdiger, express their heritage through a distinctive design language. Inspired by Scandinavian nature and traditional materials, they create furniture rooted in simplicity, craftsmanship, and honesty – all of which are clearly reflected in the Sepia series.

# RENEW AND REFRESH YOUR SOFA

## EVERLASTING QUALITY

With a 10-year warranty\* and crafted from the finest materials, our sofas are designed to endure in the finest quality and tailored to your needs. We focus on craftsmanship, ensuring every piece is built to stand the test of time – and the wear and tear from the hustle and bustle of daily life. With changeable covers, you have the flexibility to clean, refresh, or even change the look of your sofa.

## LIVE YOUR LIFE – CHANGE YOUR COVER

The sofa is where we gather, relax and recharge. It's where we laugh with friends, share quiet moments with family, and embrace the chaos of kids, pets, and everything life brings our way. That's why we've designed most of our sofas with changeable covers – to offer you unparalleled flexibility and longevity.

## TIGHT AND SMOOTH

Our covers are fastened with velcro, ensuring a tight, smooth fit that stays in place while offering easy removal. This simple yet ingenious design means that your sofa can handle the rigours of everyday life and still maintain its sleek, fresh appearance. Our covers come in a wide range of fabrics, colours, and designs to choose from, allowing you to create a sofa that truly reflects your personality and complements your home.

# XIIM

### MIX COFFEE TABLE SERIES

Based on traditional and beautiful craftsmanship, the Mix coffee tables are designed by Portuguese Studio Gud. As the name suggests, the tables harmoniously combine different materials, blending solid oak and natural stone in a playful yet elegant way, creating a beautiful texture contrast.

The inventive and alluring mix of materials creates a unique expression, enhanced by the durable craftsmanship behind it. The contrasts result in a silhouette that is both classic and contemporary.

The beautifully playful design is FSC™-certified. Customise your Mix table to perfectly suit your aesthetic – choosing from solid oak in dark, natural, or white-oiled finishes, and your preferred height, shape, type, and colour of marble or travertine. No two pieces are alike.

The designers at Studio Gud are known for playing with shapes and materials, using design as a way to express their culture, traditions, and memories – and the Mix series is no exception.

# HAND- CRAFTED & CERTIFIED RUGS

## THE FINEST QUALITY

Our rugs are the perfect foundation for any interior, combining sophistication and natural beauty. Each rug is 100% handmade, crafted using traditional techniques and designed to stand the test of time. We only use the finest natural materials, including wool, jute, and recycled PET, paired with yarn specially developed for the unique BOLIA design. The result is a collection of rugs that not only enhance your space but also last for generations.

## CERTIFIED AND LONG-LASTING

We take immense pride in the quality of our products, and our rugs are no exception. We carefully select our amfori BSCI-supported production partners to empower ethical practices throughout the manufacturing process. Every rug is Care & Fair-labelled, and many carry the prestigious OEKO-TEX® STANDARD 100 certification. See more on page 273.

## HAND-TUFTED EXCELLENCE

All our rugs are handcrafted, and our Zen and Natura rugs are no exception – carefully hand-tufted with the utmost care, using a technique that guarantees the highest tufting quality in the

industry. Crafted on a durable cotton canvas with a minimum of four strands of thread, these rugs are heavy, resilient, and designed to endure a lifetime of use.

## NATURAL WOOL TURNED INTO BEAUTIFUL YARN

The majority of the wool used in our rugs is undyed and carefully sorted to highlight the natural shades, creating a harmonious, earthy colour palette. Rugs made from dyed wool are naturally dyed in accordance with OEKO-TEX® STANDARD 100 guidelines.

## LUXURIOUS RUGS, CRAFTED TO LAST

Handcrafted with attention to detail, our rugs are a true testament to luxury and craftsmanship. With the finest natural materials and quality certifications, every BOLIA rug is an investment in timeless elegance and lasting beauty.

# BOLIA × AlphaTheta

Let yourself explore a creative collaboration that brings the world's most exclusive DJ gear by AlphaTheta into the soothing ambience of your home. At the heart of this collaboration is the profound belief in music's transformative power – not just as entertainment, but as a medium through which we express our individuality, connect, and create. It's more than just beats. It's about the potential of music to inspire, move, and unify.

## A SHARED APPRECIATION

The creative collaboration between BOLIA and AlphaTheta combines the simplicity, crafted details, and organic materials that both countries hold dear. Inspired by their shared appreciation for minimalism and elegance, the Cord DJ series integrates these elements into a beautiful, functional collection. The FSC™-certified braided paper cord, handcrafted in Denmark, is echoing this cross-cultural dialogue, nodding to both Danish and Japanese design traditions with its quiet, refined beauty.

## THE CORD DJ SERIES

Designed to fit 2 or 4 decks from the CDJ-2000 and the CDJ-3000 series together with one DJM-A9. The Cord DJ Consol is designed to fit the Opus Quad DJ unit. The cabinet shelves are designed to fit both the Pioneer DJ VM-50 and VM-70 active studio speakers. And, as a cherry on top, the Cord cabinet makes sure that all your wires are tidy and invisible.

DESIGNED BY the Berlin-based duo Hertel & Klarhoefer, the Cord DJ series is more than just furniture; it's an artistic expression. Crafted by skilled craftsmen from solid oak and paper braid, each piece of the collection exudes quality and

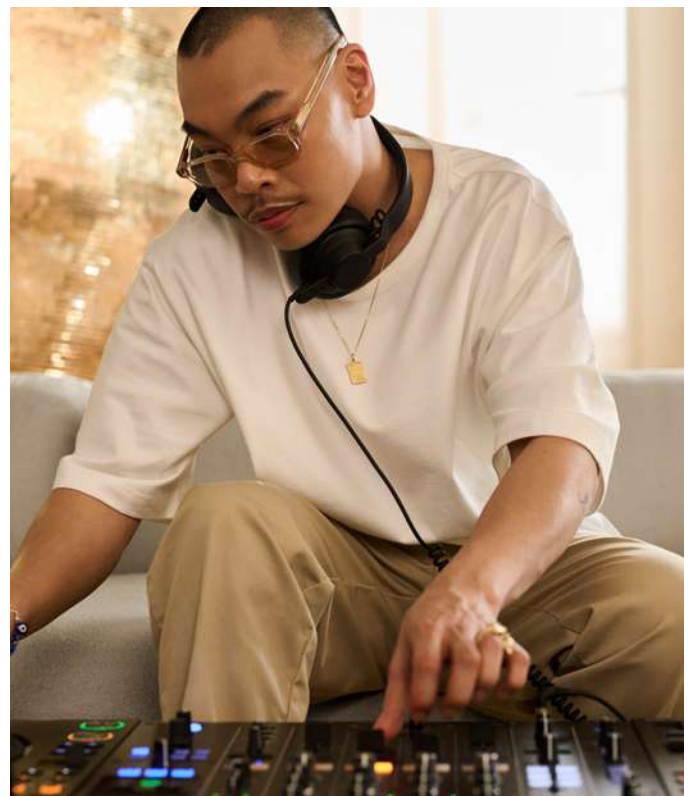

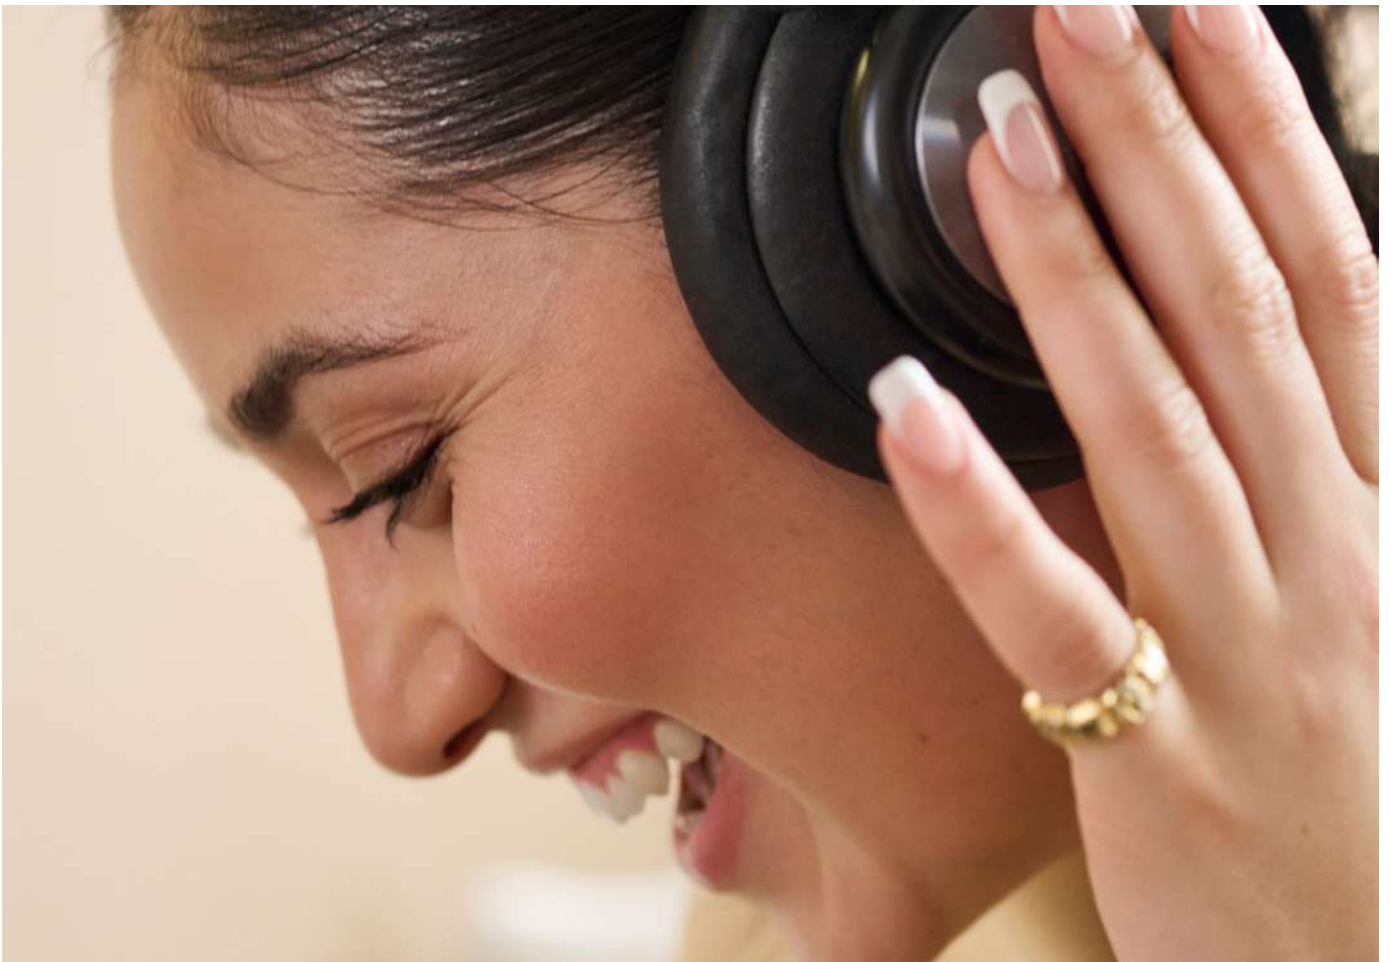

craftsmanship. A fusion of functionality and artistry, designed not just to house your DJ equipment, but to elevate your living space, transforming your home into a personal sanctuary where the vibrant energy of music and design converge.

# SHARING *CREATIVITY*

## SHARING CREATIVITY

At the heart of our brand, we nurture growth with boundless energy and even bigger dreams. Creativity is our superpower, and it's fueled by inspiring collaborations with like-minded creatives within design, architecture, gastronomy, music, sustainability, art and more. A uniquely brewed roast with La Cabra Coffee, beautiful designs for Pioneer DJ gear, luxurious wall paint with DETALE CPH, décor of spaces with KOTO and much, much more. We truly believe that our world becomes an even better and more inspiring place to live when we share our passion and ideas, and together, we're crafting extraordinary experiences that transcend boundaries and inspire across cultures and interests.

## CELEBRATING CREATIVITY

Every year, we honour the brightest and bravest talents of our industry at the BOLIA DESIGN AWARDS. An inspiring tradition, which not only supports and opens exciting doors for new designers but also brings us new perspectives. Several of the

winning designs have made their way into our collection with royalty of sales to each talented designer – marking the beginning of a thriving collaboration.

## FOR THE LOVE OF MUSIC

As profound music lovers and creators, we're always on the lookout for new and exciting ways to express ourselves and liberate our creativity. That is why we are inviting renowned DJs to take us on their musical journey in our exclusive BOLIA Sofa Sessions offering the unique opportunity to see the artists behind our mixes, while giving you the chance to enjoy your very own virtual DJ experience at your home party.

Also, while wandering around your local BOLIA store, you'll experience beats and tones, specially designed to complement the visual universe, and of course we share every mixtape and every beat with you on Bolia.com, Spotify and SoundCloud.

# BOLIA × DETALE CPH

# BOLIA *DESIGN* AWARDS

## **BOLIA DESIGN AWARDS**

Every year since 2007, we've paid tribute to bright new talents in our industry. To give something back. To create the space and capacity for new superstars, new ideas and new ways of designing. All because we truly believe that something unique is created in the intersection between tradition and innovation. And that fresh, new talent is the future.

Through the years we've invited several of the winning designs and designers into our collection, like the beautiful Zen rug series, the everlasting Latch table series and the unique Bronco vases. We love to see their designs brought to life and their careers bloom and flourish.

## **THIS YEAR**

With this year's BOLIA DESIGN AWARDS, we invite you to honour the heritage of Scandinavian design while shaping its future. Reflecting the rich history and timeless values at the core of our philosophy – craftsmanship, nature, and enduring aesthetics while delving into tradition, reimagining classic forms in creative interpretations, bridging the past and the future.

## **TAKE PART IN THE NEXT BOLIA DESIGN AWARDS**

Make sure to subscribe to our newsletter and follow us on our social media so that you're notified when once again, we delve into the future of design and the new, exciting opportunities that help make us better.

# BOWTIE

### BOWIE SERIES

Inspired by mid-century Scandinavian design, the Bowie series by Milan-based studio SKRIVO includes a refined armchair, a two-seater sofa, and a new footstool. The design combines traditional and modern woodworking techniques, lending a contemporary aesthetic to the pieces.

The timeless armchair features a sculpted, durable solid oak frame that flows seamlessly from leg to armrest, embracing the plush seat and backrest. The seat and backrest are upholstered in your choice of luxury fabric or traceable leather from our collection. All designs in the Bowie series are FSC™-certified.

SKRIVO was founded by Croatian-Irish industrial designer Stefan Krivokapic. His multicultural background has always guided him to draw inspiration from various cultures, histories, values, and materials to create interesting and innovative designs. With a focus on balancing function and aesthetics, his work – like the Bowie series – reflects timeless, material-driven solutions.

**BOLIA**  
×  
**LA CABRA**

A collaboration brought to life by our shared focus on honest materials, respect for great craftsmanship and a passion for outstanding coffee. Perhaps mixed with a spoonful of nerdiness.

## EXPLORE A FRESH BREW IN YOUR LOCAL STORE

La Cabra is meticulous when they choose their raw materials and create their rich and vibrant taste profiles. And so are we. Whether it concerns traditional wood joinery or passionate coffee brewing.

When you visit your BOLIA store, we always offer you freshly brewed gourmet coffee – a delicious, organic blend, carefully created by La Cabra. just for BOLIA. And just for you.

We love working with other passionate souls, who care just as much about their craft as we do – exactly like our friends from La Cabra Coffee Roastery. We believe that extraordinary things occur at the intersection of innovation and tradition.

And this approach is echoed when we work with others to create designs and experiences that are not limited to furniture but include all the senses. That's the idea behind our creative collaboration with La Cabra Coffee.

# ORLANDO 02

#### ORLANDO O2 MODULAR GARDEN SOFA

The Orlando Outdoor O2 is a luxurious modular sofa that combines comfort and aesthetics, perfect for outdoor relaxation. Handmade in Europe with durable materials, the series features a removable and changeable cover for easy cleaning. The padded seat and back cushions dry quickly, as water runs through them, ensuring comfort even after rain.

You can effortlessly combine and arrange the modular pieces to create a customised outdoor setup, and add the special tabletop for the Orlando pouf, which serves as both a footrest and a practical surface for gatherings.

Designed by Danish duo Glismand & Rüdiger, the Orlando Outdoor O2 reflects their passion for Scandinavian nature and craftsmanship. Inspired by simplicity and natural materials, their designs embrace clean lines and functional forms, creating timeless, practical, and beautiful outdoor furniture.

# PATIO

## PATIO OUTDOOR SERIES

The Patio outdoor series is designed to elevate your outdoor experience with its Scandinavian-inspired design, blending high-quality materials and exceptional comfort.

With a timeless design language, the series is available in various outdoor setups, including a beautiful dining table with matching outdoor dining chairs, perfect for gatherings under the stars.

For more relaxed moments, the Patio series offers a garden sofa, with a modular design that allows for versatile configurations — use the pieces as separate lounge chairs or combine multiple modules to create a garden sofa tailored to your space and needs.

Crafted from solid, FSC™-certified teak, known for its durability and warm aesthetic, the teak will naturally develop a grey patina over time if left untreated, giving it a weathered look. To preserve its rich golden-brown colour, regular oiling is recommended.

For ultimate comfort, enhance your outdoor experience with our matching cushion series, Patio cushions. Showcasing honest construction and thoughtful design, the series invites appreciation from every angle while encouraging you to create memorable moments in your outdoor space.

Designed by the Danish duo Anna Karnov and Clara Mahler, the Patio series reflects their focus on long-lasting, functional designs that connect with the people who enjoy them. By selecting materials that age gracefully and avoiding fleeting trends, they ensure timeless appeal in every piece.

#### ARKE MODULAR GARDEN SOFA

The Arke modular garden sofa and pouf offer a modern, elegant take on outdoor furniture with their rounded, generous shapes. Each seat and pouf can be connected to create customised arrangements, while removable and changeable covers ensure easy maintenance and a longer lifespan. The eye-catching piping along the curved lines adds sophistication, highlighting the handmade quality of every piece.

Designed by Studio Nooi, their work embraces a collaborative design approach, influenced by society, art, nature, and cultural heritage. This approach results in furniture that is functional, beautifully crafted, and timeless, connecting people to spaces.

# THE *PROFESSIONAL* COLLECTION

## CREATING BEAUTIFUL SPACES

Spaces shape us, just as we shape them. The homes we build, the offices we design, the rooms where we create, collaborate, and connect – each space tells a story and is the foundation of our lives, our work, and our dreams. They hold the energy of our intentions and the pulse of our aspirations.

Whether it's a restaurant that invites warmth and conversation, a workplace that sparks creativity and collaboration, a hotel room that offers comfort and tranquillity, or a home office that inspires focus and productivity – beautiful spaces enhance the way we live, work, and interact.

## THE COLLECTION

Our collection crafted for the professional market offers durable quality, all relevant tests, certifications, and functionalities. Every piece comes with a 10-year warranty\*. Made with smart design solutions for all your storage and cable management needs, while exuding the beautiful and simple aesthetic that Scandinavian design is known and loved for.

## QUALITY-TESTED DESIGNS

The collection is thoroughly tested to meet the world's highest quality demands, such as EN and BIFMA standards in collaboration with The Danish Technological Institute. Providing you with the security that each design is safe to use – and made to last.

## BOLIA X STEELCASE

Steelcase, the world's biggest office furniture company, offers an exclusive range of BOLIA-designs, including meticulously crafted sofas, armchairs, lamps, rugs, and tables – designed for people, beauty, and new ways of working. Making it an ideal choice for everyone who wants to create an inspiring workspace, designer restaurant, boutique hotel, or everything in between.

# BOLIA x KOTO

## ECHOING VALUES

Our UK-based friends at Koto Design are known for their bespoke eco-homes – a series of sculptural, minimalist architectures, designed with nature as the biggest source of inspiration. Echoing our proud Scandinavian design heritage, the Koto House interior beautifully represents our shared passion for tranquility, nature, sustainability, and longevity.

**A DIALOGUE WITH THE LANDSCAPE**  
The collaboration is built upon the genuine interest in how design coexists in harmony with the natural elements inside and out. The interior spaces of Koto Houses are made to suit the exterior form. Thought and design revolve around a deep interest in how the house will be used. Muted, earthy tones, natural pigments, timeless timber and natural fabrics provide tactile textures.

In a modest and humble manner, an individually crafted home, made from natural materials, will welcome you inside your very own peaceful standstill.

# MORE THAN JUST A SOFA

## **MORE THAN JUST A BEAUTIFUL SOFA**

The journey of every BOLIA sofa begins with a visionary designer and a profound concept, because great design is about so much more than just aesthetics. Customised and tailored to your dreams, each sofa is crafted with thoughtful functionality and exceptional durability at its core. Made by some of the finest craftsmen and -women in Europe, every piece is carefully constructed, with exquisite details and immaculate sewn seams, inside and out. Most of our popular sofa series are designed with removable and changeable covers. Not only extending their lifetime but also allowing you to refresh and renew your sofa for years and years. That's why we back each model with a 10-year warranty\*.

## **CRAFTED QUALITY AND ENDLESS LONGEVITY**

Every BOLIA sofa has its own unique story to tell, and the modular Cosima sofa is no exception. Designed by the renowned design duo kaschkasch, Cosima is celebrated for its striking, clean silhouette and timeless elegance – a prime example of beauty and ingenuity. With features like a solid wood interior frame, luxurious down and feather filling, removable and changeable fabric covers, and more, Cosima is a testament to longevity, quality and luxury. Drop by your local BOLIA store and experience it firsthand.

The mark of responsible forestry

### FSC™-CERTIFIED WOOD

Our wood designs are FSC™-certified, meaning that the wood comes from responsibly managed forestry and other controlled wood sources, considering all three sustainability parameters – social, economic, and environmental.

### EU ECOLABEL

The EU Ecolabel is the official European Ecolabel that aims to reduce the environmental impact of the product. The label guarantees that the product meets strict requirements for chemicals, resources and materials throughout its life cycle. Currently, 14 chairs in our collection are EU Ecolabel certified

### CARE & FAIR

Care & Fair is a non-profit organisation dedicated to enhancing the living conditions of weavers and their families. Through its initiatives, the organisation strives to preserve the ancient art of weaving, promote fair and responsible working conditions, and ensure access to education and healthcare for weavers and their families. All our rugs carry the Care & Fair label
